RE: OUTSTANDING GRIEVANCES UPDATE

We want to inform the Members of the Transportation Division of ATU Local 279 that from July 1, 2024, to December 31, 2024, we successfully settled 76 outstanding grievances. We are committed to working diligently to resolve additional outstanding grievances.

Moving forward, the Union and the City will meet quarterly to address and settle more grievances. Over the past six months, the Union has seen an increase in the Employer's willingness to settle our grievances, which is a positive step forward.

We all appreciate your continued support and will keep you informed on any further developments.
